1. For affiliation purposes, each team that is a league member shall be assigned an initial classification by the Club or association as per the table below, this may not necessarily represent the team’s final classification for provincial championship play, as of January 31.

The AA, A and B classification shall be determined as follows:

- a) Number of players per division divided by 17 (average number of players per team)

Players shall not be on two frozen rosters simultaneously.
22. Zone and Provincial tournament playoff games at all levels to be 15-minute stop time periods with a 3 minute bench rest period between the first and second period and a flood between the second and third period. The ice must be resurfaced before the start of each game.
23. In the 3rd period, if there is a 7-goal differential, the game will run at straight time for the remainder of that game.
24. a) Tied games in round robin play shall remain a tie. The tie breaking sequence will only come into effect once round robin play has been completed. These tie breaking rules apply to all HNB sanctioned zone and provincial events.
b) Tie Breaking Sequence (Amended: May 2015)
- 24.1. Two Teams Tied If two or more teams are tied at the conclusion of a round robin series, then the following procedure will be used to determine the final ranking before the semi-final and final games are played.
- 24.2 In the event that teams are tied for a playoff position, the following procedure will apply:
- 25.1 If two teams are tied:
- 25.1.1 The winner of the round robin game between the two tied teams gains the higher position.
- 25.1.2 The team with the most wins in the round robin gains the higher position.
- 25.1.3 If the two teams are still tied after 25.1.1 and 25.1.2 have been applied, then the team with the best goal verage gains the higher position. The goal average of a team is to be determined in the following manner:

Total number of goals for divided by the total number of goals for and against. NOTE: All round robin games are included.

Example: For = 10 goals against = 4 goals
Percentage: $10/10+4 = .714$

NOTE: The higher percentage gains the higher position

- 25.1.4 If the two teams are still tied after 25.1.1, 25.1.2, and 25.1.3 have been applied, the team with the least number of minutes in penalties throughout all of the round robin games, gains the higher position.
- 25.1.5 If the two teams are still tied after 25.1.1, 25.1.2, 25.1.3, and 25.1.4 have been applied, then the team which scored the first goal in the game between the tied teams gains the higher position.
- 25.1.6 If the two teams are still tied after 25.1.1, 25.1.2, 25.1.3, 25.1.4, and 25.1.5 have been applied, a single coin toss will determine which team gains the higher position.

Three or More Teams Tied

Note: The three-team tiebreaker is used to determine the seeding of the 1st, 2nd, 3rd seed. If any step in the tiebreaker only seeds one team, that team assumes that position. The three-team tiebreaker will continue to determine the seeding of the two remaining teams. At no time will teams using this formula go back to the two-team tiebreaker

- 25.2. If three teams or more are tied, the point record established in the games among the tied teams only will be used as the first tie breaking formula in deciding which team(s) shall advance.
- 25.2.1 The team with the most wins, in games among the three teams, would gain the highest position.
- 25.2.2 If teams are still tied after 25.2.1 has been applied, then the team with the best goal average, gains the highest position. The goal average of a team is to be determined in the following manner: total number of goals for divided by total number of goals for and against.

NOTE: All round robin games are included

Example: For = 10 goals against = 4 goals
Percentage $10+4 = .714$

NOTE: The highest percentage gains the highest position(s).

The exercise of 25.2.2 establishes the team or teams with the highest position(s) by percentage. These teams will advance. If there are still teams tied, they go to the next step. They do not go back to the "Two Team Tiebreaker."

Example;

- A. Team A - .714 = 1 seed - Advances
Team B - .500 = 3 seed – Does not advance Team C - .650 = 2 seed – Advances
- B. Team A - .714 = 1 seed – Advances
Team B - .500 = Still tied with team C – go to next step 27. 2.3. Team C- .500 = Still tied with team B – go to next step 23.2.3.
- C. Team A – .650 = Still tied with team B – go to next step 27.2.3. Team B - .650 = Still tied with team A – go to next step 25.2.3. Team C - .500 = Does not advance

- 25.2.3 If teams are still tied after 25.2.1 and 25.2.2. The team with the fewest goals against (all round robin games played) will gain the highest position.

- 25.2.4 If the Three teams or Two of the three teams are still tied after 25.2.1, 25.2.2, and 25.2.3 have been applied, the team with the least number of minutes in penalties throughout all of the round robin games, gains the higher position.
- 25.2.5 If the Three teams or Two of the three teams are still tied after 25.2.1, 25.2.2, 25.2.3 and 25.2.4 have been applied, then the team which scored the first goal in the game between the tied teams gains the higher position.
- 25.2.6 If the Three teams or Two of the three teams are still tied after 25.2.1, 25.2.2, 25.2.3, 25.2.4 and 25.2.5 have been applied, a single coin toss will determine which team gains the higher position.
26. For single or deciding game in District, Zone or Provincial Championship playoffs, if at the end of regulation time, the score of a game is tied, the following shall take place:

- a) A 10-minute sudden victory overtime period shall take place;**
b) If the score is still tied after a) above, proceed as per Hockey Canada Official Playing Rule 10.16.
